Is Higher GDP Related to Increased Renewable Energy Use, in the US and Globally?

United States:

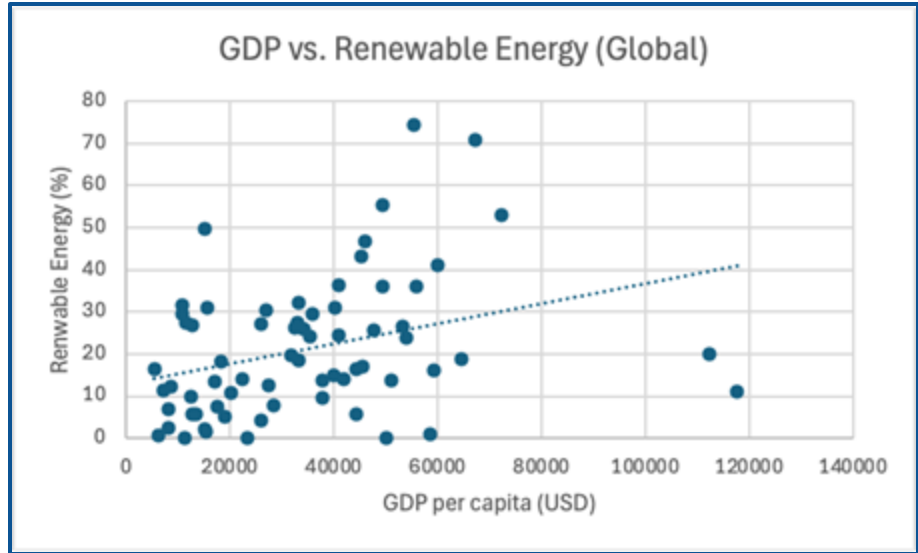

GDP vs. Renewable Energy (By US State)
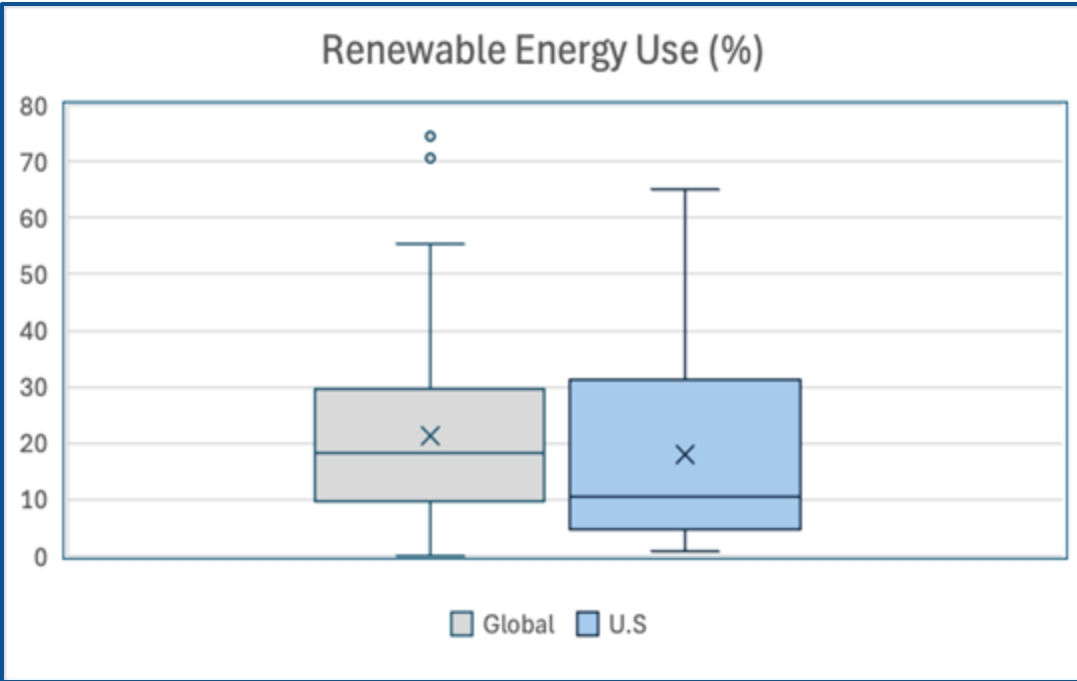

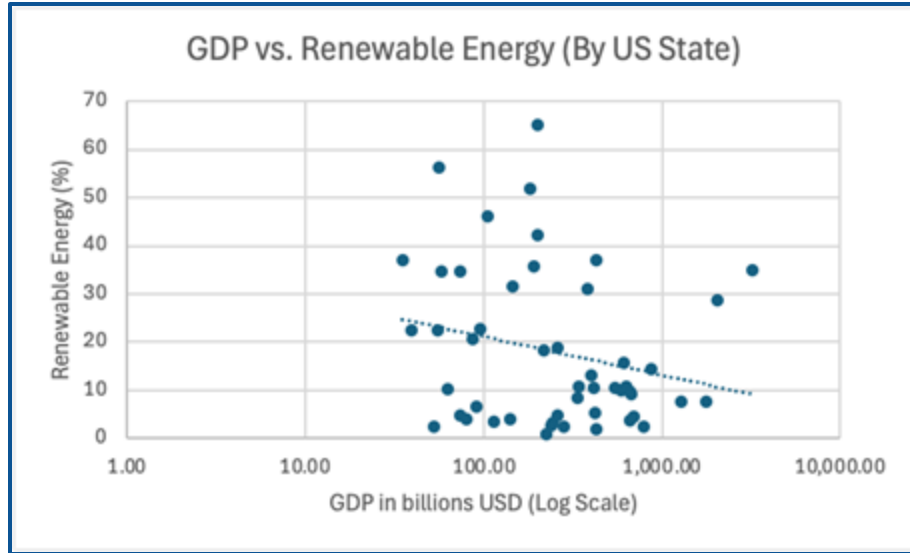

Regression Findings
P-value: **0.805**
Slope: **-0.0010097**
R squared: **0.0012872**

Global:

GDP vs. Renewable Energy (Global)

Regression Findings
P-value: **0.004**
Slope: **0.00024**
R squared: **0.114**
